IMPORTANT NOTE!

The two versions differ only in their appearance. Both comply with the technical specifications and can be used without restrictions.

Observe all information provided by the manufacturer!

As part of our continuous efforts to improve our products, modifications have been made to the belt tensioner with part number 58883.

This Technical Information sheet shows the visual features of the previous version (Figure 1) and the new version (Figure 2).

During the transition period, we may have mixed stocks of both types.
